Gold and Silver memberships are eligible for the office visit MRA option. It will be added to your membership type at the members' request.

You may choose to add this at the time you submit your membership application. We offer this option to everyone once a year in December to add it for the following year. By adding the office visit MRA option, it is for the entire year unless your membership becomes inactive.

This additional option includes \$30/\$35 office visit MRA for up to six office visits per person per calendar year when using an affiliated provider. For non-affiliated providers the office visit MRA is 50% of the office visit. The office visit MRA applies to all services received at the time of the office visit. It does not include any services contracted out to other providers or facilities. Maternity office visits are considered part of maternity sharing limit for your membership.

All membership guidelines regarding eligibility are still applicable. Be sure to refer to the most current membership guidelines before receiving medical services to be aware of any possible exclusions that may apply.
